News and information...

Meet Gary Griffith

Take the opportunity to [get acquainted](#) with Gary Griffith. He [knows what it will take](#) to be an effective mayor for Dallas.

Full disclosure

Here's something you won't see from other mayoral candidates: [financial reports](#).

Cotton (Bowl) picking

Now it looks like Dallas will lose the Cotton Bowl Classic, too. [Read Gary's thoughts and weigh in](#).

Upcoming events

[Check our calendar](#) for upcoming campaign fundraisers and events.

A message from Gary...

Here's a first.

In a mayoral race crowded with candidates, we provide you with some information that none of the 20 or so other candidates provides:

- [links to existing Web sites](#) for other mayoral candidates ... we hope you will take a good, long look;
- our [campaign financials](#) so you can review every penny my campaign has spent and received ... *and* from whom;
- [the top issues](#) facing Dallas and [what we plan to do about them](#).

When you do compare, I hope you will agree with us that the next mayor of Dallas needs to be a positive, responsible and responsive leader who has no hidden agendas, no personal paybacks to make, and no need to grandstand.

If you agree, we'd like you to support my candidacy ... because it doesn't have to be any other way.

CHEESE KILLS

If you've not yet heard about "cheese" ... you will.

Slang for a new narcotic, Dallas has become ground zero for this "starter heroin." Children as young as ten and eleven years old are already addicted to this new killer drug.

It's cheap. It's easy to make. It's highly addictive...

...and it kills.

TAKING ACTION

Protecting our children is Gary Griffith's top priority. He is mobilizing Dallas resources to take the battle to the doorsteps of drug dealers and criminals to take back our streets and keep our kids safe.
